

GlowMart

GlowMart Rewards Loyalty Program

Program Overview

The GlowMart Rewards program is our way of thanking loyal customers. Enrollment is free and automatic with your first purchase, whether in-store or online. You earn 1 point per dollar spent on qualifying purchases, and points can be redeemed for discounts, free products, and exclusive experiences. Your tier is determined by your cumulative annual spending from January 1 through December 31. The program currently has over 2 million active members across all tiers.

Bronze Tier

All new members start at Bronze with no spending requirement. Bronze benefits include: earning 1 point per dollar spent on all purchases, a birthday discount of 10 percent off any single purchase during your birthday month, access to member-only sales events held quarterly, free standard shipping on online orders over \$50, early access to new product launches by 24 hours before the general public, and a welcome gift of 50 bonus points upon enrollment. Bronze members also receive a monthly email newsletter with exclusive tips, tutorials, and product spotlights.

Silver Tier

Spend \$250 or more annually to reach Silver status. Silver members enjoy enhanced benefits: earn 1.25 points per dollar spent, a 15 percent birthday discount valid for the entire birthday month (stackable with one other promotion), free standard shipping on all online orders with no minimum purchase, quarterly surprise sample boxes featuring 3-5 deluxe product samples, invitations to exclusive in-store events including product launch parties and brand meet-and-greets, and a dedicated Silver member customer service email with 24-hour response guarantee. Silver members also get early access to seasonal sales by 48 hours.

Gold Tier

Spend \$500 or more annually to achieve Gold status. Gold is our most popular premium tier. Benefits include: earn 1.5 points per dollar spent, a 20 percent birthday discount valid for the entire birthday month (stackable with any one other promotion), free expedited shipping (2-3 business days) on all online orders, access to limited-edition products and collaborations before they go on general sale, a complimentary annual skincare consultation worth \$40 (in-store at Flagship or Standard locations), double points on all purchases during your birthday month, and priority access to in-store appointment bookings. Gold members receive a quarterly beauty box with 5-7 deluxe samples curated to their preferences.

Platinum Tier

Our most valued customers who spend \$1,000 or more annually achieve Platinum status. Platinum is by invitation or spending qualification. Benefits include: earn 2 points per dollar spent, a 25 percent birthday discount valid for the entire birthday month (stackable with any promotion), free express shipping (next

business day) on all online orders, first access to all new products, collections, and limited editions, a complimentary annual full makeover session worth \$75, a dedicated Platinum concierge phone line with no hold times and extended hours (7 AM to 11 PM), an invitation to our annual VIP Beauty Gala held each September in New York City, a personalized annual beauty profile with product recommendations from our expert team, and triple points during your birthday month. Platinum members also receive an annual gift valued at \$50 or more.

Earning Points

Points are earned on the net purchase price after discounts and before tax. One dollar spent equals one base point, multiplied by your tier bonus. Points are credited to your account within 24 hours of an in-store purchase and within 48 hours of an online order shipping. Points are not earned on gift card purchases, shipping fees, taxes, or charitable donations at checkout. Bonus point promotions stack with your tier multiplier. For example, a Gold member (1.5x) shopping during a 3x points event earns 4.5 points per dollar. Points earned on returned items are deducted from your balance when the return is processed.

Redeeming Points

Points can be redeemed at checkout in-store or online. The redemption rate is: 100 points equals \$5 off, 200 points equals \$10 off, 500 points equals \$25 off, 1000 points equals \$50 off, or 2000 points equals \$100 off. There is no minimum purchase required for redemption. Points can also be redeemed for full-size products from our rotating Rewards Catalog, which features 20-30 products that change monthly. Some months feature exclusive Rewards-only products not available for regular purchase. Points cannot be combined with price-match guarantees. Points expire after 12 months of complete account inactivity (no purchases, no point redemptions, no account logins).

Tier Maintenance and Transitions

Your tier is evaluated on December 31 each year based on your cumulative calendar-year spending. If your spending meets or exceeds the next tier threshold, you are upgraded effective January 1. If your spending falls below your current tier threshold, you receive a one-year grace period at your current tier before being moved down. Points earned at a higher tier rate are permanently yours, even if you move to a lower tier. Tier qualifying spend includes all net purchases after returns and before tax.

Points Transfer and Account Linking

Points cannot be transferred between accounts. However, household members can link up to two accounts to pool their spending for tier qualification purposes (points remain separate). To link accounts, both members must visit a GlowMart store with valid ID showing the same address, or submit a household verification form online. Linked accounts each earn points independently but their combined spend counts toward the higher tier for both accounts.

Frequently Asked Questions

Q: Do points expire? A: Points expire after 12 months of complete account inactivity. Any activity (purchase, redemption, or login) resets the 12-month clock for all points.

Q: Can I earn points on sale items? A: Yes, points are earned on the actual price paid for all qualifying purchases, including sale and clearance items.

Q: How do I check my points balance? A: Log into your GlowMart account online, check the GlowMart app, or ask any associate at checkout.

Q: What happens to my points if I return an item? A: Points earned on returned items are deducted from your balance. If this results in a negative balance, future points earned will first offset the negative amount.

Q: Can I use points and a coupon on the same purchase? A: Yes, points can be combined with coupons and promotional discounts unless the specific promotion states otherwise.

Q: How do I know when I am close to the next tier? A: Your account dashboard shows your year-to-date spending and how much more you need to reach the next tier. You will also receive email notifications at 75 percent and 90 percent of the next tier threshold.
