

GlowMart

Return and Exchange Policy

Overview

GlowMart is committed to customer satisfaction. We accept returns and exchanges on most products within 30 days of purchase. Items must be in their original packaging. Opened beauty products may be returned if less than 25% of the product has been used. Sale items and clearance products are final sale and cannot be returned. This policy applies to all purchases made in-store and online at glowmart.com. Gift purchases follow the same policy, with refunds issued to the original purchaser unless a gift receipt is provided.

In-Store Returns

Bring the item and your receipt to any GlowMart location. Our associates will process the return at the register. Refunds are issued to the original payment method within 3-5 business days for credit cards and immediately for cash purchases. If you paid with a gift card, the refund will be applied to a new gift card. Returns without a receipt may be exchanged for store credit at the current selling price, subject to valid government-issued photo ID. We limit non-receipted returns to three per rolling 12-month period. For items purchased at a Flagship store, returns can be made at any store format including Standard and Express locations.

Online Returns

For items purchased on glowmart.com, initiate a return through your account under Order History. Select the order, choose the items to return, and select your reason. Print the prepaid return label and ship the item within 14 days of initiating the return. Refunds are processed within 5-7 business days after we receive and inspect the returned item. Shipping charges are non-refundable unless the return is due to a GlowMart error such as wrong item shipped, damaged in transit, or missing items. You may also return online purchases to any physical GlowMart store for immediate processing. Simply bring the item and your order confirmation email or packing slip.

Exchanges

Exchanges can be made in-store for any item of equal or greater value. If exchanging for a higher-priced item, the difference will be charged to your preferred payment method. If exchanging for a lower-priced item, the difference will be refunded. Online exchanges are not available at this time; please return the item and place a new order. For shade exchanges on foundation, concealer, and lipstick, we offer a one-time free exchange within 14 days even if the product has been used, as part of our Shade Match Guarantee. Simply bring the product and receipt to any store with a beauty counter.

Non-Returnable Items

The following items cannot be returned or exchanged: gift cards and e-gift cards, personalized or custom-engraved items, aerosol products that have been opened (hairspray, dry shampoo, setting spray),

nail polish that has been opened and used, items purchased more than 30 days ago, items without original packaging, and free promotional gifts or samples. Electrical tools such as flat irons, hair dryers, curling wands, and facial cleansing devices can only be returned if defective and within 14 days of purchase. All electrical returns require the original packaging and all accessories. Fragrances in the travel or rollerball size cannot be returned once opened due to hygiene regulations.

Defective Products

If you receive a defective product, contact GlowMart Customer Service at support@glowmart.com or call 1-800-GLOWMART within 48 hours. We will arrange a free return shipping label or in-store replacement. Defective items include products with broken seals at time of purchase, incorrect shades that do not match the label, manufacturing defects such as separated formulas or broken applicators, and items damaged during shipping. Please retain the original packaging for inspection. For high-value items over \$75, we may require photos of the defect before issuing a replacement. Defective product claims are handled outside the standard 30-day window. We honor defect claims up to 90 days from purchase.

Holiday Extended Returns

Purchases made between November 1 and December 31 qualify for our extended holiday return window. These items may be returned through January 31 of the following year. This extension applies to both in-store and online purchases and covers all product categories except those listed as non-returnable. Gift recipients may use the gift receipt for exchanges or store credit during the extended window. The holiday extension does not apply to clearance items or items purchased with a promotional discount greater than 50 percent.

Frequently Asked Questions

Q: Can I return a product I received as a gift? A: Yes, with a gift receipt you can exchange the item or receive store credit. Without a gift receipt, we can look up the transaction if the purchaser used a loyalty account.

Q: What if my online return is lost in transit? A: Use the prepaid label we provide, which includes tracking. If the package is lost, contact us with the tracking number and we will process your refund.

Q: Can I return items purchased during a promotional event? A: Items purchased at full price during a promotional event (e.g., with a percentage-off coupon) can be returned, but the refund will reflect the price actually paid, not the original retail price.

Q: Do I need to return all items from an order? A: No, partial returns are accepted. You may return individual items from a multi-item order.

Q: How do I check the status of my return refund? A: Log into your GlowMart account and navigate to Order History. Select the order and click Return Status. Refund processing times vary by payment method: credit cards take 5-7 business days, PayPal takes 3-5 business days, and store credit is immediate.

Return Fraud Prevention

GlowMart reserves the right to refuse returns that appear fraudulent or that violate our return policy. We use a

third-party return verification system that tracks return patterns across all GlowMart locations. Customers who abuse the return policy may be restricted from future returns. Examples of return fraud include returning counterfeit products, returning empty containers, returning products purchased from other retailers, and making excessive returns without receipts. If you believe a return was incorrectly denied, contact Customer Service for a review.
